

4PR 24AWG U/UTP CAT5 / Part No.: LN-A0424PUC5

Description	Application																																																														
<ul style="list-style-type: none"> ■ Rated temperature: 75°C ■ Reference Standard: UL Subject 444, EIA/TIA 568B & ISO/IEC 11801 ■ Stranded bare or tinned copper conductor ■ Colour-coded PE insulation ■ Rip cord (optional) ■ PVC or LSZH jacket ■ Packaging: Reel 	<ul style="list-style-type: none"> ■ 100 Base-T4 ■ 100Base-TX ■ 100VG-AnyLAN ■ 1000Base-T ■ 1000Base-TX ■ 155Mbps ATM ■ 622Mbps ATM ■ Token Ring

Structure	Construction	U/UTP																																																													
Insulation	Number of Pairs	4 Pair																																																													
	AWG	24AWG																																																													
	Conductor Dimension (mm)	7/0.2																																																													
	Solid or Stranded; Bare or Tinned	Stranded bare or tinned copper																																																													
Shield	Insulation Material	HDPE, FRPE																																																													
	Insulation Dimension (mm)	0.985																																																													
	Number Colour (Ring or Strip Marking)	1.White/Blue(Ring) & Blue 2.White/Orange(Ring) & Orange 3.White/Green(Ring) & Green 4.White/Brown(Ring) & Brown																																																													
	Cross Filler	No																																																													
Outer Jacket	Individual Shield & Material	No																																																													
	Outer Shield & Material	No																																																													
	Drain Wire	No																																																													
Mechanical Characteristics	Outer Jacket Material	PVC or LSZH																																																													
	Outer Jacket Ripcord	Per customer request																																																													
	Overall Nominal Diameter (mm)	24AWG UTP nom:5.3mm																																																													
	Operating Temp. Range	-20~75°C																																																													
	Bulk Cable Weight (KG)	32KG																																																													
Electrical Characteristics	Max. Recommended PullingTension	110N																																																													
	Min. Bend Radius (Install)	4 X O.D.																																																													
	Flame Test	CMX, CM, CMG, CMR, IEC60332-1																																																													
	Nom. Mutual Capacitance @ 1kHz	≤5.6nF /100M																																																													
	Max. Capacitance Unbalance (pF/100m)	≤330pF /100M																																																													
	Nominal Velocity of Propagation	65%																																																													
	Max. Delay Skew (ns/100m)	≤45ns /100M																																																													
Max. Conductor DC Resistance @ 20 Deg. C	8.76Ω/100M(Bare Copper) 9.09Ω/100M(Tinner Copper)																																																														
Max. DC Resistance Unbalance @ 20 Deg. C	≤5%(Per TIA/EIA-568B.2) ≤3%(Per IEC 61156-2)																																																														
Max. Insulation Resistance (MΩ/km)	150																																																														
Max. Operating Voltage-UL	300V																																																														

* Custom configuration is available upon request.

4PR 24AWG U/UTP CAT5 / Part No.: LN-A0424PUC5
